

AEU ES GET IT DONE!

WHEN EDUCATION SUPPORT STAFF STAND TOGETHER, AS AEU MEMBERS, EVERYONE WINS!

That is why around this year's Education Support Personnel Day on 16 May, the AEU is holding special training sessions for AEU ES members.

AEU ES members standing together and campaigning with their AEU teacher and principal colleagues have already won huge improvements to their working lives, including: laptops, significant pay rises, updated Work Dimensions (job descriptions) resulting in many salary increases through range reviews and more than 90% of ES in ongoing positions. Now it's time to consider the extra improvements we need at work and start planning to win!

Come along to make new connections, learn how to make the most of the wins in the VGSA, build your skills, and most importantly, learn how to build your power to get it done!
